EQUINE GUELPH
helping horses for life

"Please forward this to a fellow horse lover!"

E-News July 2012

EQUINE GUELPH COMBATS COLIC WITH YOUR HELP!

Colic is the number one killer of horses (other than old age!) As a result, Equine Guelph is developing a new colic prevention program and we need your help!

Take the 15 - 20 minute survey! Your input and experience with colic is crucial in helping us better understand current colic management practices. This will assist us in developing important colic prevention programs.

Participants of the survey are entered into a draw for a chance to **WIN** one of two registrations to Equine Guelph's upcoming Colic Prevention eWorkshop!

For more information on Equine Guelph's colic prevention program, please visit:
